

# Enterprise Contact Management Solution

As the current workforce becomes more mobile, staying connected is more challenging than ever. AstroContacts by 42Gears makes it effortless—empowering your workforce with a smart Enterprise Contact Management solution that ensures quick and easy access to shared contacts.

AstroContacts by 42Gears keeps teams connected on the go—quickly find, call, email, or text colleagues with just a tap.

## About 42Gears

42Gears is a leading Gartner and IDC recognised Unified Endpoint Management (UEM) solution provider. Our diverse range of management solutions include UEM, Things, VR, and Wearable Management, Private Device Farm, Contact Management, Intelligent Camera Blocking, and Mobile Threat Defense. With over 23,000 customers in 170 countries, 42Gears solutions have a proven track record of success in any industry.

## Key Benefits for Your Enterprise

### ► Centralized Contact Directory

Ensure your teams have instant access to the right contacts for easy collaboration.

### ► Separation of Work and Personal Contacts

Keep professional contacts secure without relying on personal phonebooks.

### ► Hassle-Free Setup

Cloud-based solution with no complex installation or maintenance required.

### ► Enhanced Security and Access Control

Protect sensitive information with role-based access and permissions.

# Features

## Unified Dashboard for IT Teams

Access and manage all enterprise contacts from a single console.

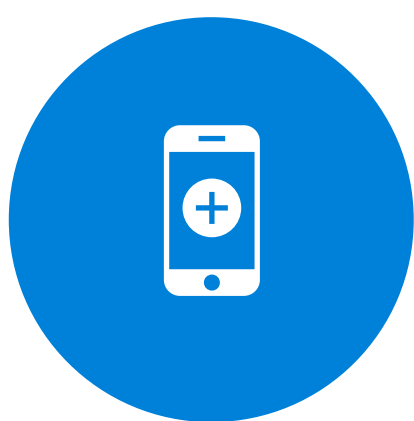

## Advanced Filtering

Sort contacts by type, department, and access level for quick navigation.

## Bulk Contact Import

Easily upload contacts in bulk using CSV files.

## Effortless Device Enrollment

Scan a QR code to instantly set up devices.

## Seamless Contact Sync

Auto-sync business contacts to the native phonebook or manually sync as needed.

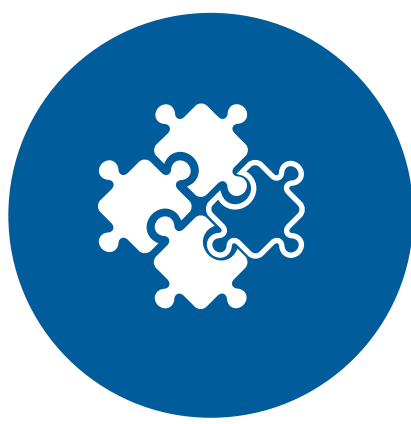

## LDAP Integration

Automatically import contacts from an LDAP account.

## Pre-Configured Settings

Maintain consistency across devices with predefined configurations.

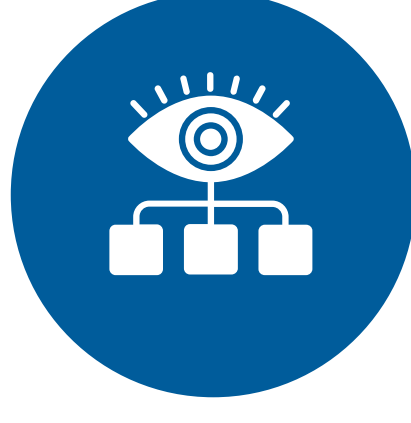

## Multi-Platform Integration

Connect seamlessly with Slack, WhatsApp, and more.

## Granular Access Control

Admins have full control over contact visibility and permissions.

## Custom Contact Privacy

Save contacts as private or public based on visibility needs.

## Tag-Based Categorization

Organize contacts by team, skillset, role, or location for easy access.

## Employee Dashboard

Employees can view important alerts, announcements, and event reminders.

## Custom Contact Directory URL

Generate a URL for quick access to the entire business contact list.

## Instant Company Announcements

Notify users of important updates directly via the mobile app.
